<p><b>Overview</b></p>	<p><i>Big Day for PreK</i> is a proven research based comprehensive early childhood education program that builds upon children’s curiosity and interest, and encourages them to explore, play, and learn about the world around them. Development of <i>Big Day for PreK</i> was informed by a team of expert researchers and practitioners, led by Dr. Anne Cunningham. Big Day prepares preschool children for kindergarten through intentional and engaging learning opportunities that build the necessary foundations in essential learning domains. The promotion of social-emotional development is integrated into the curriculum helping children build social competence skills, improved self-control, and develop relationships with their teachers and peers. <i>Big Day for PreK</i> provides a full- or half-day curriculum, an extensive collection of classic and contemporary children’s literature and nonfiction text, intensive language and early literacy development, technology that connects children, teachers, and families, and 100% equity in English and Spanish. The curriculum is designed to ensure children acquire knowledge, skills, and understanding each day through hands-on experience, purposeful play, and teacher-led instruction.</p>
