## Flexibilities During COVID-19 Supply Chain Disruptions

In October 2021, USDA issued guidance on current meal pattern flexibilities in the CACFP and opportunities for State agencies and sponsoring organizations to use discretion while monitoring meal pattern compliance during COVID-19 supply chain disruptions. Available flexibilities include:

- **Emergency Procurement Flexibilities** - 2 CFR 200.320 allows for the noncompetitive procurement method to be utilized when a public exigency or emergency prevents competitive procurement.
- **Milk Flexibilities** - 7 CFR 226.20(e) allows State agencies to approve meal services without milk during a temporary emergency period if Program operators are unable to obtain milk or the required milk type (*Request use of this flexibility via the USDA waiver module in GA ATLAS*).
- **Nationwide Waiver to Allow Specific Meal Pattern Flexibility in the CACFP for School Year 2021-2022** (Response #91) - Allows operators to serve meals that do not meet the following specified meal pattern requirements (*Request use of this flexibility via the USDA waiver module in GA ATLAS*):
  - The whole grain-rich requirement
  - The crediting of grains by ounce equivalents requirement
  - The requirement that low-fat milk must be unflavored
- **Flexibilities in issuing fiscal actions for violations of the meal pattern per 7 CFR 226.14(b)** – Guidance for State Agencies and Sponsoring Organizations.

## Reminder for Sponsors:

# Non-profit Food Service and Procurement Procedures Monitoring

On October 1, 2021, DECAL issued the policy memorandum, [Monitoring Requirements - Monitoring Sponsored Centers Non-profit Food Service and Procurement Procedures \(October 1, 2021\)](#) which provided additional guidance for affiliated and unaffiliated sponsoring organizations on the monitoring of their sponsored centers. This memo is not applicable to day care home sponsors.

Specifically, sponsoring organizations must effectively monitor the following:

- Their sponsored centers' **non-profit food service**, and
- Their sponsored centers' **procurement procedures and procurement practices**

Please refer to the [policy memorandum](#) for further details and instruction on these requirements.

The following chart illustrates the number of centers sponsors are required to review:

Number of Centers	Non-profit Review	Procurement Procedures	Procurement Review
50 or less centers	100% of centers once per year	100%	100% of centers once per year
51 or more centers	50 centers plus 25% of remaining centers	100%	50 centers plus 25% of remaining centers

The below timeline illustrates the deadlines sponsors must follow for implementing the memo's requirements:

Action	Deadline
Start developing a plan to incorporate monitoring center non-profit food service and procurement for all centers.	October 1, 2021
Train all sponsor and center staff and finalize the monitoring plan.	June 1, 2022
Centers required to meet non-profit food service and procurement requirements.	October 1, 2022
Begin monitoring all centers based on guidelines set forth effective this date.	October 1, 2022 (during FY 2023)
Effective date to begin imposing findings/adverse actions.	October 1, 2023 (during FY 2024)

For additional information, please contact [Robyn Parham](#), Policy Administrator at (404) 651-8193.

## Remembering U.S. Senator Bob Dole *Recognizing his Contribution to USDA Nutrition Programs*

GA DECAL echoes the sentiments on the loss of U.S. Senator Robert Dole (R-Kan.) who passed away earlier this month. Senator Dole had a major impact on the development of USDA nutrition programs and resources such as the Supplemental Nutrition Assistance Program (SNAP), formerly known as food stamps, the Special Supplemental

Nutrition Program for Women, Infants, and Children (WIC), and the Dietary Guidelines for Americans to name a few.

For more information on the significant contributions from Senator Dole that paved the way for anti-hunger programs and access to nutrition in America, please click the links below.

## **Need To Update Your Banking Information?** *Verification may take up to 30 days to process*

Anytime changes are made to your banking account information, please notify DECAL by completing the [Vendor Management Form](#) . The State Accounting Office (SAO) Vendor Management Group has an extensive process for verifying the bank accounts of any individual or organization for which payments are made. This is to prevent fraudulent banking and payments. Therefore, any updates made to your existing banking information may take up to 30 days to process.

*To mitigate delays, please follow these steps:*

- Use the proper Vendor Management Form (note this forms changes periodically)
- Complete sections 1, 2, 3 and 4 of the VM Form.
- On section 2, date and sign with a real signature – SAO will now accept digital signatures. Digital signatures are created by using appropriate PDF software such as Adobe. Typed signatures using a cursive style font remain unacceptable.
- On Section 2, specify general bank account for use by all state agencies or specific purpose (Pre-K, Nutrition, etc.).
- Use the proper IRS W-9 Form
- Sign and date the IRS W-9 Form (signatures on a W-9 are only valid 12 months from the date of the signature per IRS guidelines). W9's must be submitted using the October 2018 version. The version date is both in the top left and bottom right of the form). Digital signatures are NOT acceptable on the W9.
  - W9's for businesses must be completed exactly as the IRS has the company name listed on their tax returns. Both DECAL and SAO verify Tax ID and Name combinations using IRS software. DECAL will not honor requests to setup new vendors where the Tax ID and Name combination does not match IRS records. Vendors may be required to resubmit a W9 with accurate information or request a TIN verification letter from IRS and submit to DECAL.
- Submit the Vendor Management Form and updated W-9 to your assigned Application Specialist for processing.

Note: SAO eliminated the requirement for a voided check or bank letter. However, if banking information cannot be verified on the form, you may be asked to submit a voided check or a bank letter. This usually happens with smaller banks, out of state banks, or credit unions. Also, SAO may contact you directly to independently verify banking changes. If you do not cooperate with SAO representatives for this verification, your request to change your bank will not be honored and your payment may be delayed.

### **Current processing times:**

1. New vendor set-ups - less than 3 days.
2. Address changes or adds – less than 3 days.
3. Banking adds or changes – 10 to 30 days.

If you have any questions, please contact your assigned Specialist:

## Training Resources

#### **In Case You Missed It: Memo Monday!**

*Webinar Recordings Now Available!*

If you missed a *webinar*, please visit the **Training and Technical Assistance** webpage for previously recorded webinars. This month's spotlight recording is the **August Memo Monday** webinar. It discussed how to be successful with COVID-19 waiver(s) implementation, recordkeeping requirements and procedure updates when requesting a waiver using the USDA Waivers module in GA ATLAS.

**Civil Rights in Child Nutrition Programs (CNPs) Now Available in Spanish!** The **Institute of Child Nutrition (ICN)** is now offering Civil Rights training sessions in Spanish. [**Enroll Now**]

#### **Identifying Gluten-Free Foods in CACFP**

This educational resource from General Mills will help operators learn about gluten and how to check ingredient labels to identify gluten-free foods.

#### **Team Nutrition Web Quizzes**

USDA's Team Nutrition has developed interactive ten-question web quizzes as a fun way to introduce a variety of nutrition topics. The quizzes can be used during staff training and other nutrition events. Upon completion of each quiz, quiz takers receive a score along with a link to resources that can help expand their knowledge on the topic and build their nutrition skills. Quiz takers can also view a printable version of the questions and answers upon quiz completion. These web quizzes are also available as a widget. Please see a list of available quizzes below.

## [Available Nationwide Waivers During COVID-19](#)

In light of the exceptional circumstances of the current public health emergency, the Food and Nutrition Service (FNS) has extended Nationwide Waivers to support access to nutritious meals while minimizing potential exposure to the novel coronavirus.

For any waiver-related questions, please contact [Robyn Parham](#).

### [NATIONWIDE WAIVERS](#)

#### [DECAL Participation of Nationwide Waivers due to COVID-19](#)

*For full details on the CACFP waivers below, please click on the links to read the actual waiver memo or [click here](#) for more information on DECAL's website.*

### [CACFP](#)

#### [Area Eligibility in the Afterschool Programs & for Family Day Care Home Providers in School Year 2021-2022](#)

This waiver allows schools and at-risk afterschool care centers, regardless of their location, to

claim all National School Lunch Program, Afterschool Snack Service and Child and Adult Care Food program At-Risk Afterschool meals and snacks at the free rate. This waiver also allows day care homes participating in the CACFP to claim all meals served to enrolled children at the Tier 1 rate, regardless of their location. . **\*\*Waiver in effect until June 30, 2022\*\***

### **Reimbursement for Meals & Snacks served to Young Adults in the CACFP New!**

This waiver allows emergency shelters to claim reimbursement for meals and snacks served to individuals under the age of 25. **\*\*Waiver in effect until the COVID-19 public health emergency is lifted.**

### **Parent Pick-Up:**

Under this waiver, Program operators in a State with an approved waiver allowing non-congregate meal distribution during COVID-19 related operations may distribute meals to a parent or guardian to take home to their eligible children. **\*\*Waiver extended to June 30, 2022\*\***

### **Specific Meal Pattern Flexibility**

This waiver allows program operators to serve meals that do not meet specified meal pattern requirements during the public health emergency. FNS is establishing a waiver for all States of the following CACFP requirements:

- That at least one serving per day, across all eating occasions, must be whole grain rich.
- That the crediting of grains by ounce equivalents must be fully implemented by October 1, 2021.
- That low-fat milk (1 percent) must be unflavored

**\*\*Waiver in effect until June 30, 2022\*\***

### **Meal Times Waiver:**

The requirement that meals must follow meal service time requirements is waived during the public health emergency. **\*\*Waiver extended until June 30, 2022\*\***

### **Non-Congregate Feeding:**

The requirement that meals be served in a congregate setting and must be consumed by participants on site is waived during the public health emergency. **\*\*Waiver extended to June 30, 2022\*\***

### **Onsite Monitoring Requirements**

FNS waives, for all CACFP sponsoring organizations, that CACFP monitoring requirements included at 226.16(d)(4)(iii) be conducted onsite. To ensure Program integrity during this time, sponsoring organizations should, to the maximum extent practicable, continue monitoring activities of Program operations offsite (e.g., through a desk audit). **\*\*Waiver remains in effect until 30 days after the end of the public health emergency.\*\***

### *Lettuce Learn More!*

Planted in early spring or late fall, lettuce enjoys cool temperatures and can endure a light frost.

With Georgia's temperatures being what they are, we have now arrived at lettuce season as December's Harvest of the Month (**English** and **Spanish**) produce item.

Lettuce comes in an assortment of varieties ranging from greens to purples with the most common types being Romaine, Loose Leaf, and Bibb. The beauty of lettuce is that you do not have to wait for the full head to grow; you can start harvesting lettuce leaves as soon as they are big enough to

eat and enjoy. As an excellent source of fiber, iron, folate, and vitamin C, “lettuce see it” on your menu today for added nutritional value!

### Integration:

- **Eagle Pizza**
- **Bean Tostada**
- **Vegetable Wrap**
- **Bok Choy Wrappers**
- **Chicken Caesar Salad**
- **Purple Power Bean Wrap**
- **Roasted Fish Crispy Slaw Wrap**

### Education:

- *Grow* lettuce – not only is lettuce a great first item to test out your gardening growing practices, but it also serves as a delicious taste test item for participants.
- *Make* several vinaigrette recipes to pair with the harvested or purchased lettuce varieties. Tally up which recipe is the favorite and include it on your next menu cycle! To make a simple vinaigrette dressing, pair one-part vinegar to two-parts oil and add seasonings such as salt, pepper, garlic, or oregano. Test out using various vinegar varieties and consider adding Dijon mustard or lemon juice for an additional flavor.
- *Talk* with families about how participants can help with meal preparation including tearing up lettuce leaves for a salad. **Bonus:** send lettuce recipes home for families to try together!

### Conversation:

- Have the participants you serve tasted lettuce before?
- If you try various vinaigrettes in a taste test, which one do the participants you serve like the best?
- What is their favorite way to eat lettuce? Do they eat it as a salad base, shredded on tacos, or topped on sandwiches?

### December’s Harvest of the Month BONUS Item: Citrus

Have you ever tried or served citrus fruits? Satsumas, oranges, clementines, and mandarins – they taste like nature’s candy!

They are juicy, sweet, nearly seedless, and easy to peel. According to University of Florida researchers, satsumas may have originated in China, but were first reported in Japan over 700 years ago. Satsumas were first grown in the U.S. by settlers in Louisiana in the early 1800s.

As a fruit that is low in calories and high in fiber and vitamin C, fruits in the citrus family serve as a nutritional option for your menus. Serve them as a fruit side with whole-grain pancakes and milk for breakfast or topped on a romaine lettuce salad with a turkey wrap and milk for lunch.

Share your winter Harvest of the Month stories and menu integration of lettuce and citrus with Nutrition Health Educator, Diana Myers, MS, RD, LD at [diana.myers@decal.ga.gov](mailto:diana.myers@decal.ga.gov).

## **DECAL's Nutrition Spotlight:** *Meet Robyn Parham, Policy Administrator*

**Robyn Parham** recently joined the Nutrition Services Division as Policy Administrator. In this role, Robyn oversees policy development and implementation for the nutrition programs and testifies on behalf of DECAL in administrative proceedings. It is her goal to provide sponsors with the most up-to-date interpretation and guidance for USDA's policies. She also works closely with the Legal and Audit divisions to manage the Serious Deficiency (SD) process.

Robyn has worked with DECAL for 11 years. Most recently, she worked with the Audits & Compliance Division where she served for eight years, first as a Nutrition Compliance Examiner then as a Nutrition Compliance Administrator, and finally as a Nutrition Compliance Supervisor. Earlier in her career, Robyn served as a Licensing Consultant.

She earned a bachelor's degree in Political Science and a law degree from the University of Georgia, and she brings a wealth of knowledge to the Policy Administrator role from her experience in audits, licensing and her perspective on law.

Robyn lives in the Augusta area with her husband, Wayne. Fun fact: Their first grandbaby turns two this week, and she says he is "perfection personified."
