Bright from the Start: Georgia Department of Early Care and Learning operates and administers Georgia's Pre-K Program. As part of a strategic plan to facilitate automation and information-based decision making, DECAL has created the PANDA system. PANDA will enable Pre-K Providers to enter and review data regarding their program at their convenience.

Additionally, DECAL staff will have greater access to up-to-date data utilizing this system. Access to this system is controlled by password and encryption technology. Only authorized users should proceed from this point.

After March 4, 2009 the old website address for PANDA will no longer be valid. The purpose of this change is to maintain consistency with other Georgia government agencies. Please check your browser favorites and replace any old addresses with the following: www.dec.al.ga.gov/panda

[Go to Bright from the Start website](#)

Site best viewed with Internet Explorer version 5.5 and above.

Click the blue button at the bottom of the screen to download the PANDA Handbook, Frequently Asked Questions and other PANDA documentation.

Support for Panda is available from 8 AM -5 PM Monday through Friday. All emails to [PANDA Support](#) will be answered during business hours.

The first time you log in, your password will be **initpass** (short for *initial password*). You will be instructed how to change your password on the next screen.

Passwords

Your password must contain between 10 and 14 characters. There must be at least one number and one special character included.

These qualify as special characters: ! @ # \$ % ^ & * () + < > ?

You will also be asked to type in a secret question and answer, such as your favorite color or the name of your pet, in case you forget your password.

As the PANDA system will be used to transmit sensitive data, DECAL is requiring that all passwords for the system be secure. Secure passwords are difficult for hackers to break should they somehow obtain a username. Secure passwords are required to meet the several criteria.

Passwords for PANDA must:

- be at least 10 characters in length (no longer than 14)
- contain at least one number (0,1,2,3,4,5,6,7,8,9)
- contain at least one special character (i.e. ! " # \$ % & ' () * + , - . / : = ? @ [] \ ^ _ { } | ~)

An example of a valid password for the PANDA system is as follows:

dx#psm4hbz

Your username and password should not be shared with anyone else. You should not write your username and password down and store it under your keyboard or on your monitor where it is readily available.

Welcome to PANDA

Congratulations, you have successfully logged into PANDA, DECAL's Pre-K Application and Database Access System.

You are now ready to enter required data. On the left of this screen is a menu. Menu items determine what information may be entered or reviewed. The number of menu items displayed is based on your role within your organization. More menu items will appear as DECAL adds more functionality to the PANDA system.

Choose a menu item by using the left button of your mouse to click on the item. For example, to enter your application for the next program year, click on "Enter Application"; to enter a roster, click on "View/Edit Roster".

If you have questions, you can access online help screens by clicking the "Page Help" button in the upper-right corner of each screen. Detailed manuals are also available for download on the Downloadable Forms page (click the blue button labeled "Downloadable Forms" on the PANDA Login screen). For example, to request an expansion class with 20 children and a Certified teacher, enter a **1** next to Certified in the **# of Teachers** column, and enter **20** under the **# of Kids** column in the **Expansion Classes** table. Then click **Save**.

If you have not yet hired a teacher, make your best guess as to the credential of the teacher you will be hiring. If the class is awarded and the credential of the teacher differs, you will be able to change it on the first roster.

Requesting an Expansion Site

To request a new site for your company, click **Return to Site List** to go back to the site listing screen.

The screenshot shows a web interface titled "List of Sites". At the top, there are three buttons: "View Site Details", "Add Site", and "Online Forms". Below these, there are "Previous" and "Next" navigation buttons. The main content area displays "Example Pre-K, Inc." and "Application has 1 site(s)". Below this is a table with the following data:

If you are not currently in edit mode, click **Edit**.

Go down the page and read and check the box next to each item. You must check all assurances before saving.

At the bottom of the page, you must fill in your program hours. If you enter the starting time and hit TAB, the ending time will automatically be populated. You cannot enter starting times before 7:30.

If you have a 3-year-old program, you can enter the number of 3-year-old children at your site. This is for informational purposes only and is not required.

Click **Save** to save your work. If any checkboxes are not checked, the page will not save. Look for red asterisks next to any required fields that were not properly filled out.

Click the **Next** button at the top of the screen to continue.

Expansion Class Justification

If you apply for an expansion class or expansion site, you will see this page after you complete the Assurances. Otherwise you will not see this page. Again, red fields denote required information.

The screenshot shows a web form titled "Expansion Site Justification" with a dark blue header. In the header, there are two buttons: "Cancel" and "Online Forms". Below the header, there are two navigation buttons: "Previous" on the left and "Next" on the right. The main content area contains three text input fields, each with a red border indicating it is a required field. The first field is preceded by the text: "Why do you want to expand? Describe the need and reasons for the expansion request." The second field is preceded by the text: "Do you currently have a private pay class for children who are age-eligible for the current school year? How many children are enrolled?" The third field is preceded by the text: "Describe any changes/modifications in program structure, delivery of services or facilities since the approval of the current school year application." Each text input field has a vertical scrollbar on its right side.

Complete each section and click **Save**. Remember that the system will time you out if the screen is not refreshed within one hour. You may want to type your answers into a word processing program first, then copy and paste them into PANDA to avoid being timed out.

Click **Next** to move on to the **Vendor TIN** screen.

Vendor TIN

The **Vendor TIN** (Taxpayer Identification Number) screen contains information required of all state vendors under Georgia law.

The screenshot shows a web form titled "Tax Identification Number Verification". At the top, there are buttons for "Cancel" and "Online Forms". Below the title bar, there are "Previous" and "Next" navigation buttons. The form is divided into sections: "TIN Details" (indicated by a blue horizontal bar), "Number of years in Business:" with a text input field containing "5", "Business Entity:" with a dropdown menu showing "Corporation", "Federal Employer Identification Number (FEIN):" with two text input fields containing "55" and "5555555" (with a "(xx-xxxxxxx)" label), "Business Designation:" with a dropdown menu showing "Small Company", "Ethnic Group (applies to the ownership):" with a dropdown menu showing "White", and "Business Type:" with a dropdown menu showing "Profit". Below these is the "If Tax Exempt" section with three radio button options: "This organization was approved by IRS for tax-exempt status", "This organization submitted an application to IRS for tax-exempt status", and "This organization is not tax-exempt." (which is selected). The "What is the operating fiscal year of this organization?" section has "Start Date:" and "End Date:" labels, each followed by a text input field containing "1/1/2009" and "12/31/2009" respectively, and a small calendar icon. At the bottom of the form is a "Save" button.

Click **Edit** to make changes if you are not already in edit mode.

You will not be able to edit the **Business Entity** or **FEIN** fields. Changes to these fields require additional paperwork to DECAL.

If you are not a governmental entity, you will need to complete the business designation and demographic information. The demographic question applies to the ownership of the company.

Complete the tax-exempt information.

At the bottom of the screen, enter the operating fiscal year of your company. If you operate on the calendar year, enter January 1 of the current year as the Start Date and December 31 of the current year as the End Date. The State of Georgia Fiscal Year runs July 1 through June 30. The Federal Fiscal Year runs October 1 through September 30.

Click **Save** to save your changes.

Submitting an Application

Click the **Online Forms** button at the top of the screen to return to the **Online Forms** tab. Each form should now have a checkmark next to it.

The screenshot shows a web interface with three tabs at the top: "Read Me Files", "Online Forms" (which is selected and highlighted in blue), and "Mail in Forms". Below the tabs is a large text box containing instructions: "You are ready to complete the Online forms. Click on each form name and complete on-line. You will have to click on the Edit button at the top of the page to begin changing the form. After you have completed the form, click on Save. To navigate from one form to another, you can either hit the Save button at the bottom of the form and click on Online Forms at the top of the page, return to this page and select another form, or you can hit the Next button at the top right-hand side of the page. For detailed information on filling out online forms, click 'Page Help' in the yellow bar across the top of the screen to the right." If any form is missing a checkmark, that means it did not save correctly. Click on the form to go back and complete it. All forms must be checked off before you will be able to submit the application.

When all forms are checked off, click the **Read Me Files** tab at the top of the screen. You should now have a **Submit** button at the bottom of the screen.
