

This email contains importation information for lead teachers in Georgia's Pre-K Program. If you are receiving this email and you are no longer a Pre-K lead teacher, [click here](#).

Dear Pre-K Teacher,

The Work Sampling Online (WSO) system is now open for lead teachers to enter data. If you do not remember your password, click on the 'Forgot Password' link on the WSO login page at www.worksamplingonline.com.

You may create your class and begin entering your students into WSO after your director/principal provides you a copy of the PANDA Roster Report for your class. This report contains the PANDA Class Id and the PANDA Student ID values that are required for WSO data entry. Your director cannot provide it to you prior to August 8th.

To create your class, click the '3 Bar' icon on the WSO Home page and then select the 'Manage Classes' link. Enter the PANDA Class ID as the WSO class name. Do NOT change your class name as this is a unique identifier assigned to your class by our database.

To add students, click the '3 Bar' icon on the WSO Home page and then select the 'Manage Students' link. When entering student data, keep the following in mind:

- Use the PANDA Student ID from the Roster Report. Do NOT create a PANDA Student ID.
- Students who have enrolled or registered for Pre-K but have not attended a scheduled Pre-K instructional day should not be entered into WSO.

As new students enroll in your class, you may enter them into WSO. It is no longer necessary to notify Assessment Support of newly enrolled students. If you receive a message stating 'the PANDA ID or Student Name already exists', go to http://www.decal.ga.gov/PreK/WSO_Logging.aspx and complete and submit a Help Ticket.

Students that withdraw from your class should be archived immediately. Please ensure that their WSO documentation is current prior to archiving.

WSO Support:

- For assistance, submit a Help Ticket at <http://www.decal.ga.gov/Prek/PreKChildAssessmentProgram.aspx>. The WSO Training Manual, recorded webinars, WSO 'How To' files and a WSO FAQ are all available to you on this same webpage.

We are looking forward to a great school year and appreciate all that you do for the children in your classroom.

Thank you,
Pre-K Assessment Team
