Sponsors Needed to Serve Meals to Children in Summer 2019

Summer Food Service Program (SFSP) served more than 4.8 million meals in Summer 2018

Atlanta, Ga., (February 1, 2019) – Bright from the Start: Georgia Department of Early Care and Learning (DECAL) is looking for eligible organizations to sponsor the Summer Food Service Program (SFSP) in their communities in 2019. The SFSP, funded by the U.S. Department of Agriculture (USDA), provides healthy meals to children during the summer months when school is not in session. DECAL administers the SFSP in Georgia.

The SFSP reimburses non-profit, governmental, and other eligible organizations for providing free meals to children in low-income areas during the summer months. The following entities can qualify as sponsors: public or private nonprofit schools; universities, colleges or camps; units of local and state government; and private nonprofit organizations, including faith-based organizations considered tax exempt by the IRS. Sponsors can operate the program and feed children at various sites such as schools, churches, recreation centers, community and migrant centers, and other areas where children congregate. Mobile meal sites are also an option for sponsors – particularly in rural areas of the state.

“The Summer Food Service Program provides children with healthy nutritious meals and snacks to keep them nourished and on track for learning when they return the classroom,” said Sonja Adams, DECAL’S Nutrition Program Director. “To ensure Georgia’s children have access to free meals during the summer months, it is critical to have sponsors and locations in communities across the state. Without the work of these organizations, many children may not receive the nutrition they need to continue to learn, play, and grow during the summer.”

Sponsors receive training and support relating to the application process; setting up and operating a successful SFSP; and nutrition education. They also receive technical assistance while the program is operating.

DECAL will conduct a series of meetings across the state for organizations interested in becoming SFSP sponsors. The information sessions will introduce organizations to SFSP and provide information and practical knowledge on getting started in implementing the program in their communities. For more information, about these sessions, contact Cindy Kicklighter, Marketing & Outreach Manager, at cindy.kicklighter@decalfga.gov or (404) 656-3221.
