**Lamar County Educator is Finalist for
Georgia's Pre-K Program 2016 Teachers of the Year**

*Rondrikus Fletcher of Lamar County Primary School
Among Finalists for Statewide Honor*

ATLANTA, Ga., (May 16, 2016) – Bright from the Start: Georgia Department of Early Care and Learning (DECAL) announced today that Rondrikus Fletcher of Lamar County Primary School in Barnesville, Georgia, is among six statewide finalists in the search for Georgia's Pre-K Program Teachers of the Year for 2016-2017. The announcement was made this morning during a special visit by Susan Adams, Assistant Commissioner for Georgia's Pre-K Program and Instructional Supports.

In October, DECAL will select a winner from a local public school system and a winner from a private child care center. Finalists were nominated by Georgia's Pre-K Project Directors and Pre-K teachers.

"Now in its 23rd year, Georgia's Pre-K Program is nationally recognized as an exemplary early childhood education program for four year olds that significantly impacts school readiness skills in language, literacy, and math," said DECAL Commissioner Amy M. Jacobs. "The program's success can be attributed directly to the outstanding Pre-K teachers and assistants who implement this program daily. This is a small way for us to recognize their efforts. We congratulate Rondrikus on all of his achievements thus far."

The six finalists are being informed this month. Winners will be announced this fall during Georgia's Pre-K Week, October 3-7, 2016.

This school year approximately 84,000 four year olds attend Georgia's Pre-K Program. The voluntary, lottery-funded Pre-K program has been recognized as one of the top programs in the nation, based on quality standards, teacher qualifications, and enrollment. Georgia's Pre-K Program is universal – meaning that any age eligible child residing in Georgia may attend the program regardless of family income. Georgia's model for providing the Pre-K program is unique in that it is offered through a public-private partnership in local school systems, in private child care centers, and in other facilities.
